NASA DECLARATION

I, Edward Barocela, citizen of the United States of America, residing at Ballwin, Missouri; declare:

That I made and conceived the invention described and claimed in Application Number 10/811,735, filed in the United States of America on March 29, 2004, titled HIGH SPEED MISSILE WING AND ASSOCIATED METHOD.

That I made and conceived this invention while employed by The Boeing Company. That the invention is related to the work I am employed to perform and was made within the scope of my employment duties; that the invention was made during working hours and with the use of the facilities, equipment, materials, information and services of The Boeing Company.

That the invention was first conceived by me with funds under an Air Force study contract entitled Air Launched Vehicle Investigation (ALVIN) under Contract No. F08635-02-0133. That the ALVIN contract did not include a patent rights clause, such that the invention is not a subject invention and the U.S. government therefore does not have rights in the invention. That further development and reduction to practice of the invention was made by me and was
